CAREER OBJECTIVE

Motivated and enthusiastic final-year Computer Science Engineering student seeking an entry-level Software Developer or Full Stack Developer role. Passionate about Java, Web Development, Artificial Intelligence, and problem-solving. Eager to contribute to organizational success while continuously learning and improving technical skills.

EDUCATION

Bachelor of Engineering (B.E)- Computer Science and Engineering
Adhiyamaan College of Engineering, Hosur.
Expected Graduation: 2027
CGPA: 7.47 / 10 (Upto 6th Sem)

Higher Secondary Certificate (HSC):
Parimalam Matriculation and Higher Secondary School,Hosur.

Percentage:75%

AREA OF INTEREST

- Full stack Development
- Web Development
- Artificial Intelligence

TECHNICAL SKILLS

- Programming Languages: Java, Python (Basics), C
- Web Technologies: HTML, CSS, JavaScript
- Database: MySQL
- Tools: VS Code, Eclipse, Git, GitHub

LANGUAGES KNOWN

English ,Tamil

PROJECTS

Student Performance Analysis System

- Developed a dashboard to analyze student performance using Power BI and Python.
- Visualized KPIs such as average marks, pass percentage, and subject-wise performance.
- **Technologies:** Power BI, Python

Rural Sports Talent Detection System Using AI

- Developed an AI-based application to identify talented athletes from rural areas.
- Focused on providing equal opportunities through intelligent talent identification.
- **Technologies:** Python

INTERNSHIP / EXPERIENCE

Artificial Intelligence Intern – Intern Certify

- Successfully completed an Artificial Intelligence internship with hands-on training in AI concepts, machine learning, and Python programming.
- Developed practical knowledge through AI-based projects involving data analysis, model implementation, and intelligent solution development.
- Strengthened problem-solving, analytical, and technical skills while gaining exposure to real-world AI applications and industry practices.

Full Stack Development Intern – JRM Infotech

- Successfully completed a Full Stack Development internship, gaining practical experience in designing and developing web applications.
- Worked with frontend and backend technologies to build dynamic, user-friendly applications and understand the complete software development lifecycle.
- Enhanced skills in problem-solving, database integration, and developing scalable web solutions through hands-on project work.

CERTIFICATIONS

- **NPTEL** - Human Computer Interaction
- **EXCELR**-Blockchain Technology and Industry Applications

HACKATHONS:

- Smart India Hackathon(SIH)-2024.
- VIT Bangalore –"**AI TO GLOW** "Hackathon.

DECLARATION

I hereby declare that all the details provided above are true to the best of my knowledge
